AlertSJSU:

Today the University Police Department (UPD) received two reports of antisemitic graffiti that included threats indicating violence would be perpetrated on campus on May 4. One was located in the Student Union and the other in the Art Building. No evidence has been identified to suggest a credible threat. The university remains in normal operations and UPD will increase their campus patrol presence. The law enforcement investigation is ongoing, and anyone with information is encouraged to contact the UPD at (408) 924-2222. Updates will be posted to [sjsu.edu/fyi/graffiti-response](https://sjsu.edu/fyi/graffiti-response).

Remember to be aware of your surroundings. Get to a safe place and immediately report emergencies and suspicious activity by calling 9-1-1, using the [Spartan Safe mobile app](#), bluelight or elevator phones on campus or by calling (408) 924-2222. Please note that while UPD works with external agencies to stay informed of incidents that occur in areas close to SJSU campuses, there may be occasions when UPD is not made aware of particular incidents. Suspect descriptions are included in safety advisories only when deemed appropriate and if the descriptors provided to police could reasonably lead to conclusive identification of the alleged perpetrator(s). If UPD has access to a photo of the suspect(s) it may be attached to this message. This is not an Emergency Notification or Timely Warning as defined in the Clery Act.
