SJSU | UNIVERSITY POLICE
DEPARTMENT

AlertSJSU:

This is an update to the Community Safety Advisory sent on March 4, 2026, regarding hateful graffiti that included a written threat of violence. The law enforcement investigation remains ongoing, and no evidence has been identified to indicate a credible threat. The University Police Department has increased safety patrols across campus, and the university continues to operate as normal. Anyone with information related to this incident is encouraged to contact the University Police Department at (408) 924-2222. Visit [sjsu.edu/campus-safety](https://www.sjsu.edu/campus-safety) for future updates about this incident.

We are also aware of reports of possible hate-related incidents occurring in other parts of the Bay Area. While these incidents are not connected to our campus, we recognize they may cause concern within our community. We encourage everyone to remain vigilant, be mindful of their surroundings, and report these incidents to the appropriate law enforcement agency.
